

## **Partnering with the Regional ADA Information Centers**

State Vocational Rehabilitation Agencies can access a myriad of employer support resources regarding reasonable accommodations and other ADA-related issues by contacting their regional ADA Information Center.

The national network maintains an informative website at <https://adata.org/>, with links to each of the regional centers at <https://adata.org/national-network>. VR staff (and employers) can also access expert technical assistance by calling the toll-free number (1-800-949-4232) which will automatically connect to the local ADA Information Center.
